Just a suggestion: Mark and I have a biweekly with Ron today; any interest in using this as mostly a West Lake discussion? CT and I can outline our proposed course and get your input.

Good morning,

In the hope that we will receive your authorization to move forward in the very near future, we have begun the work on rescheduling the various contractors associated with the GCPT project. We would appreciate if you could let us know as soon as possible if EPA has any schedule restrictions on rescheduling this work. We will not begin the work without your authorization and coordination with you on schedule, but are hoping that we can minimize any delay by working now to get the necessary parties lined up.

We look forward to working with you to move this forward.

Thank you,  
Jessie
